# HISTORY

Evelyn Brooks Designs was established in October 2004 by Evelyn and Bryan Brooks.

*“After 9-11, on October 2, I was laid off from my job with the airline and moved Back to my native country Peru. While there, on a Christmas day, my dad who has spent most of his life in the jewelry manufacturing industry, gave me a box of rubies and sapphires, he asked me to put together a design. I always said that I would never design jewelry nor work in dad’s business; but I’ve [since] learned to never say never.”* That’s how the business was started.

In 2007, only three years later Evelyn left the travel industry to take on her biggest and most passionate business risk, Evelyn Brooks Designs.

Growing up in a family of jewelry designers, manufactures and producers; Evelyn firmly believed in continuing to expand the business her parents launched 50 years ago in Peru and successfully developed over the years.
